

Nurvinox ZMTI(MMBZ)
Non-staining Antioxidant**Technical Data Sheet**

CHEMICAL NAME: Zinc 2-mercaptotolyimidazole

CAS NO.: 61617-00-3

STRUCTURE:

Nurvinox ZMTI is one of the non-staining antioxidant varieties, For synthetic rubber such as natural rubber, SBR, butadiene rubber and Nitrile rubber. And the promotion of Nucacit MBT/MBTS when used in conjunction, can inhibit the harmful metal accelerated aging effect. Nurvinox ZMTI is normally used for a transparent, light-coloured rubber products.

PRODUCT SPECIFICATIONS

	PDR	OCP
Appearance:		Gray white powder
Initial Melting Point °C	270 min	270 min.
Heating Loss %	1.5 max	1.5 max.
Zinc Content %	15-22	15-22
Sieve Residue (63 μ m)%	0.5 max	0.5 max
Sieve Residue (150 μ m) %	0.1 max	0.1 max.
Oil Content %	--	1-2

PACKAGING:

25k (net) paper bag with PE Inlay

Shelf Life: 12 months
